

Company Profile

NEELYOG ENGINEERS were founded in the year 2005 with a sole mission to furnish world class range of hydraulic, pneumatic and mechanical tools. Our dedication to service the clients excellently with superior quality products establishes our reputation as a reliable supplier of the industry.

We are glad to be one of the leading service provider under Brand Name **NEELYOG** engaged in manufacturing, Marketing and Exports of Heavy Duty Industrial Hand Tools for Bolting Application and Maintenance.

Our technologically driven production techniques provide high performing end products, which in turn establishes us a reputed and trustworthy supplier for various mechanical, hydraulic and pneumatic tools. Our range of products comes under the brand name **NEELYOG**. Made from premium quality raw materials processed at our state-of-the-art manufacturing unit, our range of products provides durable and reliable services to the users.

We are pleased to highlight **NEELYOG ENGINEERS** Unique Selling Propositions (USP) as follows:

Professionals team of qualified youngsters who strive hard to achieve results.
Our on Time Dispatches helping our customer to achieve their target on time.
Offering Mechanical, hydraulic and pneumatic equipments for long lasting and optimum utilization since these tools are used in various critical industrial operations; we ensure that our range of products withstands rugged applications. For this, we use premium grade of raw materials procured from leading and authenticated vendors and suppliers. In this way, our tools and products are durable and robust.

Our customers include industry leaders from a wide range of sectors. Working closely with them to fit the best solutions to their requirements helps us keep our technology lead.

Machinery Details

Machining Facilities

Description	Brief Specifications	Quantity
CNC Turning Centers	Refer Machining & Turning Centre Details	05 Nos.
Vertical Machining Center	Refer Machining & Turning Centre Details	02 Nos.
Lathe Machines	Diameter 200 mm X Length 1200 mm	04 Nos.
Cold Forged	header 10 MM to 22 MM	04 Nos.
Drilling Machines	Upto 1" Diameter	02 Nos.
Milling Machines	No. 1 & No. 2	03 Nos.
Slotting Machine	Refer Machining & Turning Centre Details	04 Nos.
Punching Machine	Refer Machine Details	01 No.
Vertical Grinding Machine	Diameter 1000 mm	02 Nos.

Calibration Facilities

Description	Capacity	Quantity
MIKROTECH Mechanical Torque Calibration Machine	200Kgm	01 No.
MIKROTECH Mechanical Torque Calibration Machine	55Kgm	01 No.

Testing Devices

Hardness Tester
Vernier Caliper
Micrometer
Go no go Gauge etc.

Outsourcing Activities

Heat Treatment

Through Hardening
Induction Hardening
Case Hardening
Hardening & Tempering
Solution Annealing
Salt Bath Annealing

Surface Treatments

Sand Blasting
Shot Blasting
Pickling
Electro polishing
Nickel Plating, Zinc Plating & Chrome Plating
Hard Chrome Plating & other plating

Laser Cutting, Transportation etc.

Leading World Renowned Brand supplied against specific request:

PRODUCT RANGE:

SPRING BALANCER
TORQUE MULTIPLIER
TORQUE WRENCH
IMPACT SOCKET & ACCESSORIES
INDUSTRIAL SOCKET & ACCESSORIES
SLUGGING WRENCHES
Tool Kits
Tube Expander
Automatic Hydraulic Tube Pulling Systems
Tube Cleaning Equipments
SPECIAL TOOLS AS PER CUSTOMER DRAWING.

We also provide services for :

Torque Wrench – Repair & calibration
Torque Multiplier – Repair
Spring Balancer – Repair & Testing

Application:

Industrial Ratchet Handle,
T Handle,
Swivel Handle,
Extension Bar,
Extension Socket,
Square Adaptor,
Square Reducer,
Hex Adaptor/Allen Bit Socket,
Magnetic Nut Runner,
Stud Driver,
Universal Joint,
Swivel Socket,
Universal Socket,
Slugging Wrench (Offset, Ring, Open Jaw Type),
Structural Wrenches,
Podger Spanner,
Torque Screw Drivers,

Hydraulic Nut Splitters,
Hydraulic Flange Spreaders
Tube Installation Tools,
Digital Tube Rolling Controller,
Tube Removal Tools,
Hydraulic Tube Expansion Systems,
Tube End Facing & Beveling Machine

Apart from above we are authorized distributor for Quality NON SPARKING, Hydraulic & Pneumatic Tools like:

Hydraulic

Hydraulic Jack/Cylinder for Heavy Lifting
Hydraulic Pumps–Hand, Electric and Air Operated
Hydraulic Torque Wrenches
Hydraulic Bolt Tensioner
Hydraulic Equipments
Hydraulic Tools
Hydraulic Accessories
Hydraulic Winches

Pneumatic

Air Operated Double Diaphragm Pumps
Pneumatic Submersible Pumps
Light Weight Pneumatic Utility Hammer
Aluminium Needle Scaler
Pneumatic Needle Scaler
Floor Rammers
Pneumatic Pick Hammers
Pneumatic Light Paving Brakers
Pneumatic Paving Brakers
Pneumatic Grease Dispensers
Pneumatic Rock Drill
Pneumatic Chisel,
Pneumatic Chipping Hammers Retainer Type etc.
